

**BETAPRINT® Orange 621**

Date of issue: 25.04.2013

Update: 14.05.2015

**C.I. - P.O.62****Chemical characteristics of the pigment:**

Monoazo

**CN Code:** 3204 17 00**Physical nature of the product :**

Fluid

**Product description**

ForColor Orange 621 is a water based dispersion of pigment, dispersants and other auxiliary means.

**Product features**

<b>pH</b>	7-9
<b>Density</b> approx. (g/cm <sup>3</sup> ) PN-EN ISO 2811-1	1,15±5%
<b>Viscosity*</b> (cP) PN-EN ISO 3219	500-5000
<b>Colour accuracy, ΔE, max.</b>	1,3
<b>Pigment light fastness</b>	
<b>Full shade</b>	8
<b>Tint shade 1/3</b>	7-8
<b>Pigment weathering fastness</b>	
<b>Full shade</b>	5
<b>Tint shade 1/3</b>	4-5

**Applications**

Emulsion, alkyd paints, enamels, silicone and acrylic plasters.

**Warranty period**

12 months from the date of manufacture.
